

AIR FIT™

**DESIGNED TO PUSH YOU PAST YOUR BREAKING POINT
AND KEEP WORKING LONG AFTER YOU CAN'T.**

Beginning with the first stepping machine in 1983, StairMaster® has been a legendary name in the gym. Today the tradition continues with the AirFit™. Building on 30 years of experience and proven performance, the AirFit offers a robust design and features dual action wind resistance that provides a total body cardio workout.

WITH KEY METRICS

ROBUST HEAVY-GAUGE
WELDED STEEL CONSTRUCTION

BACKED BY A LEADING
FULL COMMERCIAL WARRANTY

THE NAME KNOWN FOR SOME OF THE MOST DEMANDING WORKOUTS IN THE GYM NOW HAS A NEW WORKOUT YOUR MEMBERS WILL LOVE TO HATE

Low-maintenance twin belt transmission provides an ultra smooth ride, quietly.

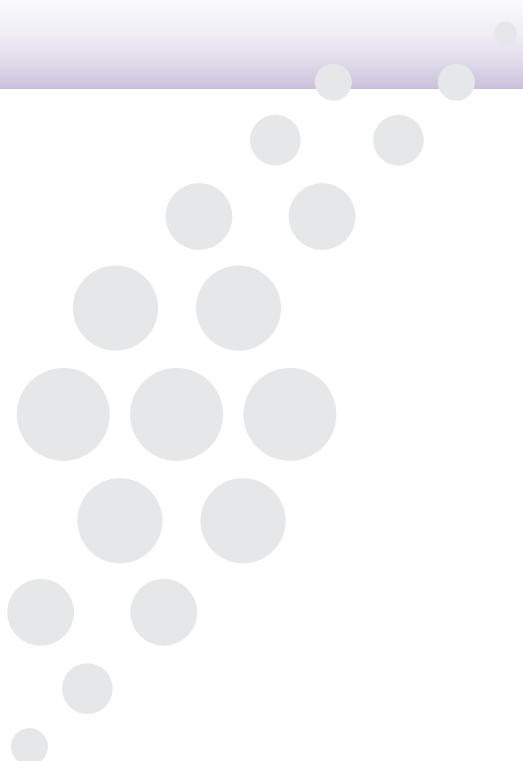

The AirFit fan system is manufactured from industrial- grade ABS for long-lasting durability, and features Multi-Axial Curvilinear Blade design for maximum performance.

Unlike other fan bikes, the AirFit frame is not bolted together in key locations, it's welded. We used 2mm steel to provide maximum strength for the toughest riders – in fact, in testing we proved the frame can withstand more than 1,400 lbs of force!

TECHNICAL SPECS

Product Dimensions	51”L x 29”W x 58”H (129cm L x 73cm W x 147cm H)
Product Weight	123.5 lbs (56 kg)
Max User Weight	350 lbs (159 kg)
Frame Finish	Steel Frame
Frame Color	Hammertone Black
Seat Slider and Hardware Materials	Stainless Steel
User Compatible Size Range	Typically 4’11” to 6’8” (150 to 203 cm) tall
Display Power Requirements	Requires AA batteries
Display Measurements	RPM, Time, Speed, Distance, HR, Calories
Resistance	Wind Resistance
